

1, Types of mediums ?

Copper
Fiber optic cable
Radio Frequency

2, Write down switch 8-pins ?

- 1 + R
- 2 - R
- 3 + T
- 4 + V
- 5 - V
- 6 - T
- 7 Unreserved
- 8 Unreserved.

3, Connect utp cable between two devices

4, Explain AUTO MDIX ?

AUTO MDIX is a feature which identifies the type of cable whether straight or cross, and make it work automatically.

5, Explain POE injector ?

POE - Power over Ethernet injector is used to transfer both Ethernet and Electric power source required for the device using single cable.

6, Explain POE switch ?

POE switch is used to transfer both Ethernet and electric power source using single cable.

7, Explain types of nic & function ?

Types of NIC:

- * wired → Ethernet
- * wireless → Bluetooth & WiFi.

Function:

- * NIC - Network Interface card contains both MAC & IP addresses.
- * It converts the binary signal to electric signals and electric signals to binary signal.
